

NEWS FROM SOCIAL CARE

We are happy to announce that the next fund-raising **QUIZ NIGHT** will be Saturday evening November 8th at Trelex. Put the date in your diary and get swotting now!!!

There are many things we can learn from those who benefit from our fund-raising. For example, the less affluent are champion recyclers. Shoes made from old tyres, cooking stoves from jerry cans, paper bags from notebooks; in refugee camps they unravel the fibre of the U.N. food ration sacks and weave it into baskets. Pass by the fair trade shop - Magasin du Monde - opposite Nyon post office, and you can purchase a range of toys made from drinks cans, and wonderfully strong colourful shopping bags made from juice cartons.

We have also been thinking about ways to relieve you of things you don't need, such as used stamps, old mobile phones, books, and DVDs. Please put aside and bring these items to church on the last Sunday of each month where we will provide a box, and **RECYCLE** them for a worthy cause. At the same time we encourage you to deposit your old clothes, shoes etc in the bins provided in communes which go to benefit various charities, as well as remembering to recycle glass, newspapers, plastic, and other items.
