

CLOTHES COLLECTION 2018

Wednesday 25th April

In aid of

Belarus, Moldova and Ukraine

For years your help has been invaluable to those desperately in need, the old and young, families, orphanages and many people living well below the poverty line. There are also those receiving your help who are refugees in their own country.

All your donations go directly to those in need, nothing is sold or transformed into dusters, you can be sure within a couple of weeks someone will be wearing and enjoying your donation.

Last year's response was yet again an amazing 60 cubic meters of clothing, etc. I hope this year you will again assist in making even more people's lives a little easier.

When

A truck from Bern will arrive very early on

Wednesday 25th April

No donations can be accepted after
