

Harvest thanksgiving on 22 September at 10.00 in Divonne.

We are collecting gifts for Restos du Cœur, a French charity serving the most vulnerable people in the Pays de Gex

Goods are welcome at our harvest thanksgiving service to donate to Restos du Coeur.

The items most needed by the Restos are:

Non-perishable goods: single portion (i.e. for one person) tins or packets of nutritious food (e.g. tinned meat, sardines/tunny/mackerel, tinned vegetables, tinned ready-made meals, etc.), all within shelf life limit.

Toiletries (e.g. toothpaste, shampoo, etc.); and good, clean, warm, sensible clothes for adults.

Please No alcohol, cigarettes, fresh/perishable produce, sweets/other confectionery, bags of flour or sugar, etc, or very large tins/bags/packets of food, unwashed/unclean/torn clothing. Many recipients of food do not have adequate cooking or storage facilities. Some cannot find affordable accommodation and resort to sleeping in their cars. Food, clothes, etc. for children are not a priority because mothers readily receive help from other agencies and have priority access to housing.
