

To everyone at La Côte Anglican Church, Switzerland

Thank you so much to everyone at La Côte Anglican Church, Switzerland for your recent gift of £763.32. Your contributions to our partners work across the Middle East are phenomenal. Thank you for your support and prayers.

Often our partners get in touch to express how thankful they are. Not just for the support you give financially but for the thoughts, prayers and love they know you are sending them. Knowing that you stand in solidarity with them as they serve those who need it most in their communities really helps support them as they do their life transforming work.

You may have read in our recent edition of our magazine the quote from Serop Ohanian, the Lebanon field director of the Karagheusian Health Center in Beirut.

‘We are so grateful for your prayers, your initiatives and your support. Prayer changes lives... prayer makes a difference. We are so grateful, amazed, wonderful, knowing there are people like you who are praying for us, for the wellbeing of us and for us, in this part of the world, to be light and salt.’

Once again, thank you for your gift. It will support our partners across the Middle East as they provide healthcare, emergency responses, community development work and education to those who need it most. Thank you so much.

Best wishes

The Revd Su McClellan
Church Engagement Lead
