

A stunning sunrise, the majesty of the Alps, birdsong on a summer evening – what beauties of nature fill you with awe and wonder?

Appreciating these can be part of our worship of God and will be the focus of our 5th October service at the end of Creation Time.

We would like to invite you to tap into your creative juices and depict something that fills you with awe and wonder to share at this service. You might like to paint, draw or sculpt – or perhaps take a photograph? If visuals aren't your strength, perhaps you could write a poem, a prayer or some prose?

We are looking for passion rather than masterpieces, so don't be shy! Please let Louise Burrows know what you are planning to bring, thank you!
